

• EASY TO USE • INEXPENSIVE • SAFE TO HANDLE • SUPERIOR PRODUCT

Use Condensate Drainpan Conditioner

or there could be trouble in the air!

**EPA Registered, Water activated, timed-release.
Improved Chemical Formulation.**

- 40% more high efficiency biocide (by weight)
- Laboratory proven 99% kill of Legionnaire's Disease bacteria
- Combats a broad spectrum of harmful bacteria including those causing the common cold and other respiratory ailments
- Ph neutralizers help protect drainpan against corrosion
- 3 to 6 months, 24 hours/day service life in all climates
- Sealed, tamper proof housing prevents skin contact w/ biocide
- Filter material meters biocide for consistent chemical release
- Water saturated filter and weight prevent flotation
- Designed not to clog drain hole
- Can be placed vertically or horizontally
- Works in equipment of all sizes.

CONTROLS AND PREVENTS:

- Slime Build-Up • Harmful Bacteria Growth
- Damaging Drainpan Overflows • Musty Odors

**Use Condensate Drainpan Conditioner with Anti-Clog® Wherever
There is Air Conditioning & Refrigeration Equipment:**

- Homes • Schools/Universities • Hotels/Motels • Health Clubs
- Hospitals • Apartment Buildings • Office Buildings
- Nursing Homes • Supermarkets

**Use Condensate Drainpan Conditioner with Anti-Clog® in
All Types of Air Conditioning and Refrigeration Equipment:**

- Display Cases • Beverage and Grocery Reach-In Coolers
- Refrigerated Vending Machines • Cold Storage Walk-Ins
- Fan Coil Units • Ceiling or Roof Top Units • Central Units

Condensate Drainpan Conditioner With Anti-Clog®

**Just Look
For The
LITTLE RED
BLOCK
on Your
Wholesaler's
Shelf**

3/4 Actual Size

What is CDC with Anti-Clog®

The Condensate Drainpan Conditioner (CDC) is a biocide tablet enclosed in a red plastic housing for easy and safe handling. Ultrasonically sealed to the plastic housing, is a white filter material to help control the release of the biocide. Condensate water is absorbed by the filter material and "wicked" to the biocide tablet for a continuous and controlled release, resulting in a three to six-month service life.

● EASY TO USE ● INEXPENSIVE ● SAFE TO HANDLE ● SUPERIOR PRODUCT

CONTROLS AND PREVENTS:

- Slime Build-Up
- Harmful Bacteria Growth
- Damaging Drainpan Overflows
- Musty Odors

AVAILABLE IN TWO SIZES:

- FT/C for units up to 5 tons
- AT/C for units from 5 to 15 tons
- Use Multiple CDC's for larger units
